About

The Kid's Bladder Day is a training day held in the Lorimer Dodds Lecture Theatre at The Children's Hospital at Westmead. It is recommended for health professionals who treat children with urinary incontinence. The inaugural event will be held on Friday 30 March 2012 from 9am.

The program is delivered at no cost to health professionals and aims to update knowledge and skill with a focus on current advances in research and practice from a multidisciplinary perspective. There will be with opportunities for practical demonstrations, case discussions and sharing of ideas.

All health professionals (paediatricians, urologists, general practitioners, nurses, physiotherapists, psychologists and students) are welcome.

Morning tea, lunch and afternoon tea will be provided as part of the day. We thank Ferring Pharmaceuticals for their kind support of Kid's Bladder Day 2012.

Speakers

Dr Patrina Caldwell	General Paediatrician, The Children's Hospital at Westmead
Dr Grahame Smith	Head of Urology, The Children's Hospital at Westmead
Dr Danielle Delaney	Paediatric Urologist, The Children's Hospital at Westmead
Dr Aniruddh Deshpande	Urology Research Fellow, The Children's Hospital at Westmead

Donation

Your donation to the Continence Study Fund at the Centre for Kidney Research is much appreciated and will help us continue our important research. Donations \$2 and over are tax deductible.

Some of our notable active studies include:

WATCH STUDY – A randomised controlled trial comparing an alarm watch with a standard watch in enhancing timed voiding for daytime urinary incontinence

eADVICE STUDY – A randomised controlled trial comparing an interactive internet assessment and management program with provision of standard information on managing urinary incontinence in children.

I would like to support this important research and will make a:

Once-off donation Recurring monthly donation

\$50 \$100 \$200 \$500 \$ _____
